IUCC Bulletin Volume 2 (1980)

A Distributed Filestore to Support Local Workstations
K. H. Bennet 153

A 'LINC' Between University Library, Information and Computing Services Using Voice Input/Output
J. Hawgood 109

A Microprocessor Application to Produce Low-Cost Video Programmes - User Experience
Diana Burkhardt 50

A Note on the Acceleration of Convergence
C. M. Reeves 122

A Procedure for Economical Curve-Tracing
C. M. Reeves 37

A Solution to a Combinatorial Problem by Hit and Miss Methods
A. J. Cole 172

An Algorithms Library for Spatial Data
T. Elsey, S. Glynn and W. Milne .. 167

An Upside-down View of Computing Charging
J. Good 90

Artificial Intelligence in Newcastle
C. M. Reeves 195

Book Review 128,181

CAMOL at Brighton Polytechnic
A. Southwell 125

Campus Networks and Ring Developments
B. J. Charles 98

Communication without a Network: The Evolution of an Interactive Terminal Emulator for UNIX
G. Coulouris 158

COMPSTAT 80
R. Day 187

Computer Board News
Peter Simpson 77

Computer Centre News
H. E. Davis 73,143,199

Computer Graphics and Standards: The Current (1979) Position
D. L. Fisher 53
